

Opening Doors for Real Change

When you are in a tough situation, you long for change. You wonder when it will happen and if you are walking the road alone. We are here to walk alongside those in Fayette and Coweta counties who are experiencing unexpected difficulties encountered in real life such as job loss, health issues, death or divorce. We offer real hope by working to meet

initial needs and offer programs and processes that are the catalyst for real change. Our staff and volunteers share love, encouragement, resources, community, and accountability to restore the hope of a better tomorrow. Neighbor helping neighbor, working together to make a difference.

Harvest for Real Life Orchard and Garden

All the produce grown in our 3.5 acre orchard and garden is distributed to the families we serve at the Real Life Center. Blueberries are available in mid-June for the community to pick during U-Pick.

"We found the Real Life Center at a time that my wife and I both lost our jobs. This is a facility that truly provides real help and hope and operates in love and excellence."

Real Life Center Programs

Food ▪ Bread ▪ Fresh Fruits and Vegetables ▪ Clothing ▪ Educational Classes ▪ Goal Setting and Accountability ▪ Professional Counseling & Life Coaching ▪ Financial Assistance & Counseling ▪ Network and Referral ▪ Mobile Food Pantry ▪ Senior Programs
