

REAL LIFE CENTER

Real help. Real hope.

For such a time as this

Neighbor helping Neighbor....

At the Real Life Center, our goal is to give *hope*

to our neighbors in our community who experience hardships from life's unexpected difficulties such as divorce, major health issues, and job loss. We work to create stability in the midst of crisis and use a holistic approach over a one year period that incorporates innovative programs designed to be a catalyst for long term change. We strive to show the love of Christ to our neighbors who are hurting, letting them know they are not alone.

The Real Life Center has been an integral source of help and hope in our community. We are providing food through our modified drive-thru Food Pantry while also helping those who are residents of Coweta and Fayette counties with financial assistance for rent and utilities, keeping families in their homes. These families are people you might know...co-workers, neighbors, employees at the businesses you frequent, or a family from your child's school.

Will you consider partnering with us and being a part of the *help*
many of our neighbors need during this extremely difficult time? Giving of your time, talents and treasures will make a difference! Collectively, we can show our community

....We are better together!

Ways to Support

We could not have the impact that we do without the support of our donors and volunteers. They are truly the heartbeat of *HOPE* at the Real Life Center. These partnerships are critical to the success of our programs! Individuals, churches, businesses, civic organizations, families, and schools can get involved in a variety of ways:

- Make a one-time or recurring financial donation by mailing the donation card or donate online at www.reallifecenter.org/donations/
- Serve at the Center or Orchard
- Organize a Food Drive
- Help our families with Christmas
